We are working up a poll vote to take tomorrow. The poll vote will be to eliminate the two year waiting period after a home is sold to qualify for tribal housing. It hasn't been two years since I sold my home and I need to move into tribal housing as soon as possible. In reading the policy I see no need to have the two year wait. In my opinion it should be based on your assets. I sold my home but came away break even with when I bought it. I had absolutely no more when I sold it than when I bought it. If a person makes a chunk of change off their home sale it would show up as assets anyway so they wouldn't qualify.

Will any of you be in the office tomorrow? I would like to take this vote tomorrow. I need to move as soon as possible and the rent I can afford is going to put me in some neighborhoods which are a bit creepy without this tribal help.

Wanishi,

I agree with Michelle. I would prefer a resolution be submitted for next council meeting.

Is the two year waiting rule per the Tribe or per HUD regulations?

I also disagree with leaving Annette out of this type of email strings.

Benita

I have stated this before, that I am not in favor of poll voting in any form.

Please read the attached resolution and correct or modify as you deem necessary. Also attached is a copy of the Code of Federal Regulations I reference. I want to present this Tuesday night.
